Notice Text:

Equitrans L.P. is providing notice of higher-than-normal operational pressures and the possibility of reduced volumes on its AVC Transmission pipeline system due to the U.S Army Corps of Engineers' Monongahela River dredging project beginning on November 4, 2024, and is estimated to last 96 hours.

Should specific shut-ins be required, Equitrans L.P. will notify impacted parties.

Customers should monitor Equitrans' Informational Postings website for updates to this notice.
