

RE: Equitrans, L.P.

Notice to Customers Releasing Capacity through Equitrans' Capacity Release Program

Dear Releasing Customer:

A Releasing Customer who wishes to release Part 284 capacity that was contracted for under a negotiated rate service agreement shall not enter into the Offer Form any special terms and conditions regarding the usage or overrun rates or retainage factors that will be charged to the Replacement Customer. In accordance with the Federal Energy Regulatory Commission's

policy and precedent, the Replacement Customer's usage and overrun rates and retainage factors are matters solely between the Replacement Customer and Equitrans.

However, as the reservation charge is a matter solely between the Releasing Customer and the Replacement Customer, if you, as the Releasing Customer, do not want to be subject to incremental charges as a result of the Replacement Customer not nominating from/to the points to which the negotiated rates apply per your firm contract, Equitrans recommends adding the following verbiage in the Terms Notes when the offer is entered:

REPLACEMENT SHIPPER NOTICE If activity outside the definitions in the contract associated to this release leads to incremental reservation charges those charges will be the responsibility of the replacement customer and by accepting this capacity the replacement customer agrees to those terms.

If you have any questions please contact your customer service representative.

The screenshot shows a software interface for creating an offer. At the top, the title bar reads "EQUITRANS LP - Quorum PTM - HELMSA [QGMP,QPTM - EQT] - [24 Capacity Release Offer]". Below the title bar is a menu bar with "System", "Edit", "View", "Screens", "Maintenance", "Window", and "Help". A toolbar contains icons for back, forward, search, and help. The main area is titled "Offer" and contains several input fields: "TSP / TSP Prop:" (189563565, 24), "TSP Name:" (EQUITRANS LP), "Offer No:" (blue box), "Offer Trk ID:" (white box), "Rel St Date:" (calendar icon), "Rel End Date:" (calendar icon), "IBR Ind:" (No), "Mkt Based Rate Ind:" (No), "Cycle:" (1 | Timely), "Releaser/Releaser Prop:" (white box), and "Releaser Name:" (green box). Below these fields are tabs: "General", "Contac", "Additional Terms" (highlighted with a red box), "Res-Arranged Bidder", "Recall/Output", and "Detail". Under the "Additional Terms" tab, there is a "Stand-ahn Offer Desc:" dropdown set to "Yes" and a "No Stand-ahn Offer T&C" checkbox. At the bottom, a "Terms/Notes" field is highlighted with a red box and contains the text: "REPLACEMENT SHIPPER NOTICE If activity outside the definitions in the contract associated to this release leads to incremental reservation charges those charges will be the responsibility of the replacement customer and by accepting this capacity the replacement customer agrees to those terms."
