

RE: Equitrans, L.P.

Notice to Customers Acquiring Capacity through Equitrans' Capacity Release Program

Dear Replacement Customer:

A Releasing Customer who wishes to release Part 284 capacity that was contracted for under a negotiated rate service agreement shall not enter into the Offer Form any special terms and conditions regarding the usage or overrun rates or retainage factors that will be charged to the Replacement Customer. In accordance with the Federal Energy Regulatory Commission's policy and precedent, the Replacement Customer's usage and overrun rates and retainage factors are matters solely between the Replacement Customer and Equitrans. Therefore, if a Replacement Customer requests negotiated usage or overrun rates or retainage factors (even if the Replacement Shipper requests the same terms and conditions as the Releasing Shipper's negotiated rate service agreement), such request should be made in the "No Stand-alm Bid T&C" section of the Bid Form:

Replacement Customer requests negotiated usage, overrun, and retainage rate from Equitrans (consistent with those in the original negotiated rate agreement or other proposed terms as proposed by the Replacement Customer).

The screenshot shows the EQUITRANS LP: (24) Capacity Release Bid software interface. The window title is "EQUITRANS LP: (24) Capacity Release Bid". The interface includes a menu bar with options: Bid, Links, Retrieve, Validate, Save, Submit, Withdraw, Help, and Car. Below the menu bar, there are several input fields for bid information, including TSP / TSP (18956958E, 24), TSP Name (EQUITRANS LP), Bid No. (<NEW>), Offer No., Bidder Rel Term, Bid Trk ID, Offer Trk, Bidder Rel Term, Post Date/Post, Status (ORIGINAL), and Cycle. The "General" tab is selected, showing fields for Releaser/Releaser, Bidder/Bidder, Bidder Contact, Bidder Phone, Bidder Fax, Bidder E-mail, Stand-alm Bid, Releaser, Bidder, Bidder Less Qty, Rtn Addr, Rtn Addr/Rtn, Rtn Addr, Rtn Addr Fax, Rtn Addr, Assoc K, Affr, Bid Rec Date/Bid (12/9/2020), Prear Bid (2 || No), SICR Ind, Reol SR Role Ind, IBR Ind, and Mkt Based Rate Ind. At the bottom, there are four text areas for "No Stand-alm Bid T&C:", "Terms/Notes:", "Terms/Notes -", and "Terms/Notes -". The "No Stand-alm Bid T&C:" field is highlighted with a red box, and a red arrow points to it from the text above. The bottom of the window has buttons for Retrieve, Withdraw, Save, Validate, Submit, Help, Links, and Close.

Absent a Replacement Customer's request for negotiated usage or overrun rates or retainage factors and Equitrans' acceptance thereof, maximum tariff rates will be charged. Equitrans reserves the right to accept or reject, on a not unduly discriminatory basis, any proposed discounted or negotiated usage or overrun rates or retainage factors.

If you have any questions please contact your customer service representative.
